What Are Compassion Kits?

Compassion Kits are a way to share a loving gift and a compelling message with the men and women living in the labor camps in the UAE. They are a small kit containing basic hygiene items and a phone card which can be used to call loved ones back home. This small gift, when given through the loving channels of our lives, meets a real need in the lives of laborers and helps open the door for them to know Jesus.

How You Can Be A Loving Channel...

GATHER - You, your family, and church can gather supplies and assemble Compassion Kits to be distributed in the labor camps.

GIVE - Your donation of $10 or more will help cover shipping and other project costs, including a local phone card for each kit.

GO - You can participate in a short-term trip doing Compassion Kit distributions through your church, and go with us to share this loving gift and compelling message with men and women in need.
